

# Offshore Compressor Module

Uniteam Compressor Module is designed for the harshest working environments, providing reliable and efficient performance. The engine can work at the temperature down to minus 25 °C. The painting is compliant with NORSOK requirements. With the DNV 2.7-1 compliant frame and sling set, it can be easily and securely moved or lifted on site.

## General specification:

- Container Frame: DNV2.7-1/EN12079
- Painting: NORSOK M501
- Compressor Type: XATS156C2
- Working pressure: 10.3bar
- Actual air delivery: 166L/s
- Oil capacity: 24L
- Max ambient temp.: 50°C

- Engine Type: BF4M 2012C
- No. of cylinders: 4
- Rated output: 88kw
- Engine speed (nominal/unloaded): 2300/1700

## Certification:

- DNV 2.7-1

## Application:

- Rock drills
- Hammers
- Sandblasters
- Other air-driven tools
